Dear President ,

It gives me immense pleasure in congratulating you for your initiative to publish a **Blood Donors Directory**.

In **Rotary** we have been as a routine donating blood in large quantity at a time and have not been very successful in addressing the idea of scalability in our communities by organizing aggressive awareness programs and create Blood Donors Bank beside donating Blood.

Through this hand book I wish to suggest that instead of holding **Mega Blood Donation Camps** let us donate Blood but at intervals and convince and involve communities.

We should always remember that besides serving the society we have the responsibility to engage, involve, convince people to join the cause and successfully keep adding volunteers to the list of donors.

I am sure this first step will take us a long way as it will encourage clubs to further add volunteers to the book which will serve the purpose of service more diligently . Once again I congratulate you for you initiative and wish you all the best for your future endeavors.

With warm Rotary Greetings,

Anil Agarwal
D.G.

कबीर कुआं एक है, पानी भरे अनेक,
बर्तन ही में भेद है, पानी सब में एक ।

Friends,

The above truth about human beings makes us realize that we are different from outside but our souls are the same. This realization is the driving force which motivates us to help each other in need. This LIFE SAVIOURS' directory has been compiled with the help of data of blood donors from the clubs of District 3120. Heartfelt thanks to each and every one who has shared his detail for this noble cause.

Data banks of donors, blood donation drives and blood donation awareness drives are the need of the hour. This empowers Rotarians to save lives. Blood donation is not a one way procedure. Infact, I would like to share 8 surprising health benefits of blood donation.

1. Boosts the immune system.
2. Reduces iron overload.
3. Replenishes the blood cells.
4. Lowers the risk of heart attacks by 88%.
5. Lowers the risk of cancer.
6. Burns calories and helps lose weight.
7. Helps keep the liver healthy.
8. Reveals potential health issues as blood donors are screened for a host of ailments including anemia, HIV/Aids, Hepatitis C etc.

I would request you to use this directory to help others, spread awareness of blood donation and donate blood more often. Friends , together we can save many lives. Lets remember blood donation is our responsibility towards society.

Yours in Rotary,

Rtn. Poonam Ray

District Secretary

Dist. 3120

PRO - Jagat Taran Education Society

Founder - Charchit Poly Clinic & Pharmacy

Fellow Rotarians,

We all know that how difficult it is to convince someone to donate blood to save human lives . Sometimes even kith and kins come up with excuses and refrain from donating blood . Majority of people still are scared of this life saving donation which is also DIVINE. This is one side of the picture. The other side fills everyone with positivity and HOPE when we see lacs and lacs of people voluntarily donating blood to **SAVE HUMAN LIVES**.

For **ROTARY**, it's clubs and members blood donation is the most valuable community service which we do at the start of the Rotary Year and continue doing it the whole year in various phases.

There are also numerous blood banks , websites and digital donors' log books assisting the community and doing great service.

Keeping all this in mind **RC Allahabad Academia**, a club in its infancy, initiated to come up with a handy book comprising of the details of Rotarians who are also blood donors in Rotary District 3120.

It was a herculean task to bring in shape a directory to be used by the Presidents of the various clubs to provide help to the needy. The **Academians** took it like a challenge and the 1st edition of the directory named **LIFE SAVIOURS** is in your hands.

LIFE SAVIOURS comprises of

1. Details of over 650 Donors including the non Rotarians.
2. Data received from 34 Rotary Clubs have been placed Regionwise.
3. Names, Blood Groups and mobile numbers of Rotarians who are blood donors.
4. Names of Rotarians under the name of club without prefix Rtn.
5. **Voluntary Donors** their names, blood groups and mobile numbers who are attached with other NGOs and community organisations.

LIFE SAVIOURS has been conceived, designed, compiled and published in a very short span of one month. The coming up editions shall be including more data from more Rotary Clubs and organisations.

We as **Rotarians** should always keep in mind that donating blood is important but the quest for new and young donors should continue. Convincing, motivating and involving the community for Blood Donation is more important.

Academians express their hearty gratitude to DG Rtn. Anil Agarwal , DS Rtn. Poonam Ray for their meaningful guidance and the Club Officers for sharing details .
